Projection for Fall
Illinois State University officials, confronted with a budge which is 1.2% below a year ago and with fewer faculty members than in 1970, have breathed a collective sigh of relief over a fall enrollment which apparently will be below projections. At the close of regular registration Thursday night, a total of the first semester, with 200 to 250 more expected this week. The final figure will be about 500 below the university's fall projection of 18,700. # **AMERICAN MOTORS** INTRODUCES TEED CAR.

If anything goes wrong with one of our 72's and it's our fault, we'll fix it free. Anything.

AMERICAN MOTORS 1972
BUYER PROTECTION PLAN.
For years, car buyers in this country have been saying that instead of shiny new chrome every year, what they really want is a good car they can count on.
That's why American Motors and its dealers put together their 1972 Buyer Protection Plan.
Here's how it works:

A STRONG GUAR ANTEE

When you buy a new 1972 car from an American Motore Goaler, American Motore Corporation guarantees to you that care you read that you want to be compared to the compared to t

This guarantee gives you 12-month or 12,000-mile coverage on a lot of things most car warranties don't it covers air conditioning, battery, radio, where blades, front end alignment, light bulbs-literally everything we put on the car except tires.

In other words, if something we did goes wrong with one of our 772's, you won't have to pay for the parts or the labor. We will.

# A MORE THOROUGHEY-CHECKED CAR. FROM THE FACTORY AND THE DEALER.

Naturally, we wouldn't be backing our cars like this if we weren't more sure of them than

we've ever been before. For 1972, we've put in more quality control steps, more tests and more people to see that every car leaving our factory is as perfect as man and machine can

make it. At the dealer's, it's checked over again.

Every car (not one of 50, one of 5, every one is road-tested for starting, handling, braking and overall performance. When the service-man completes the test, he signs his report and slides it over the sun visor, where you can see it. And, when a man signs his name to something, you can be sure he's done his job. And done is right.

# A LOANER CAR WHEN YOU NEED IT. FREE.

Not only do we offer you a strong guarantee, we've set up a system to back it up without

we've set up a system to back it inconveniencing you.

If you have to leave your 72 overnight for guarantee repairs, over 2,000 dealers will loan you one of their cars.

A nice, clean, well-equipped car in good condition. Free.

### A DIRECT LINE TO DETROIT. TOLL-FREE.

A DIRECT LINE TO DETROIT. TOLI-FREE.

We're making some big promises, and we'fully intend to keep them. But, just in case you have a problem, we have a way of handling it. When you buy a '72, you get the name and toll-free number of a person in Detroit.

If you call, we promise you you'll get results. And fast.

These aren't just fancy words.

We mean it.

Nobody in the business does as much for you after you buy a car, and it takes a lot of time, men and money to do all these things.

But we think it's worth it.

Since we're giving American carbusyers exactly what they say they want, we should sell more cars than we've ever sold before.

STARTING TODAY, THESE AMERICAN MOTORS DEALERS WILL DO MORE FOR YOU AFTER YOU BUY A CAR THAN ANY OTHER DEALER IN TOWN.

# FREE Work-Wanted Ads For Veterans

The Press-Record, with the cooperation of the Illinois State Employment Service is initiating a program of free work-wanted ads to aid our returning veterans who are seeking employment in the Press-Record circulation area.

Returning servicemen and women need and deserve our help and they often have something extra to offer an employer... Veterans have experience in many fields and hundreds of specialties.... Trade, clerical, technical, professional and supervisory skills. In fact the military services spend some \$3 Billion a year on training and there's over \$1 Billion more available for training through the GI Bill and Manpower Development and Training Act.

Disabled Veterans receive special vocational rehabilitation to provide them with skills. Equally important, Veterans offer an employer maturity, self discipline and motivation.

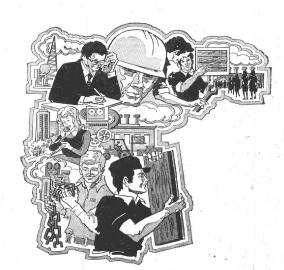

Do your part! Urge your firm to hire and train the Veteran.
